

COVID-19 Information & Resources

Updated 11.8.21

I. Washington Information

Reopening & Virus Response:

- **Washington COVID-19 Virus Response:** Find resources for business and employers at Washington's COVID-19 website [here](#).
- **State Employee/Contractor Vaccine Mandate:** The vaccine mandate proclamation for state employees, on-site contractors, and service providers went into effect on October 18, 2021.
 - Section 6(f) of the proclamation reads: “On-site volunteer” and “on-site contractor” does not include: A volunteer or contractor who is reasonably likely or contractually obligated to engage in or in fact engages in work during which they are physically present at a site for only a short period of time and any moments of close physical proximity to others on site are fleeting. Examples include contractors delivering supplies by truck to a construction site where they remain physically distanced from others on the site or a driver for a contracted shipping and delivery service briefly entering a site to pick up parcels for shipping. (emphasis added).
 - WRA received additional clarification from the Governor's office that indicates most solid waste collection workers will not be impacted by the mandate while providing typical service and exposure to other on-site State workers is “fleeting.”
 - Updated Proclamation [here](#). More information [here](#). Detailed FAQ [here](#).
- **Federal 100+ Employer Vaccine Mandate:** In September, 2021, President Biden [directed](#) the Department of [Labor's Occupational Safety and Health Administration](#) (OSHA) to develop a rule that will require all employers with 100 or more employees to ensure their workforce is fully vaccinated or require any workers who remain unvaccinated to produce a negative test result on at least a weekly basis before coming to work.
 - Federal courts have blocked implementation of the rule pending further review. On December 8, 2021, the US Senate [passed a resolution](#) to block the mandate which will now move to the House of Representatives.
 - View OSHA's page on the mandate [here](#).
 - View a memo from NWRA on the vaccination requirements [here](#).
 - Labor Secretary Walsh recently made comments that truck drivers that do not interact with others in the course of work may be exempt.
 - American Trucking Association [article](#) on the comments.
 - CNBC [article](#) on Sec. Walsh's comments.
- **Statewide Mask Mandate:** On August 18, 2021, Governor Inslee announced a [new statewide mask mandate](#) for vaccinated and unvaccinated people, effective Monday, August 23.
 - View the Secretary of Health's proclamation [here](#).
 - View L&I's August 23, 2021 guidance on masks for businesses [here](#).
 - L&I Covid-19 Updates page [here](#).
- **Commercial driver licenses & commercial learner permits extended through February 28, 2022** [here](#).

- **COVID-19 Vaccination Info:** Everyone 16 and older became eligible for vaccines beginning April 15. Availability and timelines for vaccines will vary on a local basis, but generally vaccine availability is high. The latest on vaccines is available on the [DOH webpage](#).
- **CDC Guidance for fully vaccinated people:** the CDC has updated guidance available [here](#).
- **Washington Department of Health Guidance on COVID-19** [here](#).
 - 07/02/2021 Guidance for Businesses and Organizations [here](#).
- **NWRA COVID-19 Guidance & Resources** [here](#).
- **SWANA COVID-19 Guidance & Resources** [here](#).

Employer Information:

- **Facial Coverings/ Masks for Businesses:** The Secretary of Health's mask order remain in place which means that people who are not fully vaccinated need to continue to wear a face mask in public indoor settings
 - June 30, 2021 [L&I Guidance](#)
- **COVID-19 Item 30 / UTC Response:** On March 17, the WUTC held a special open meeting by teleconference. At the meeting, new tariff language in Item 30 of many Solid Waste Collection Company tariffs was added to the consent agenda. WRRR worked with Commission staff to develop language that provides for alterations of service in response to the public health emergencies. At the meeting, the Commissioner's expressed support for company action taken in response to the public health emergency, but encouraged all companies to include this language in their tariffs.
- **Employers must notify health department of COVID-19 spread in workplace:** Employers must notify the employer's local health jurisdiction within 24 hours if the employer suspects COVID-19 is spreading in the employer's workplace, or if the employer is aware of two or more employees who develop confirmed or suspected COVID-19 within a 14-day period.
- **Division of Occupational Safety and Health (DOSH) Emergency Rulemaking:** This emergency rule addresses circumstances where businesses are prohibited from operating or where there are restrictions operating or conducting business activities. Effective date: July 28, 2020 More information [here](#).
- **Washington, Oregon and California Western States Pact:** read about the coordination between western states & reopening in the announcement [here](#).
 - In a letter to Congressional leadership, governors and legislative leaders from five western states requested \$1 trillion in direct and flexible relief to states and local governments in the wake of the COVID-19 pandemic in order to preserve core government services like public health, public safety and public education, and help people get back to work. View the letter [here](#).
- **Working Washington Small Business Grants:** The Department of Commerce is accepting applications for the \$50 million in new small business grants announced by Gov. Inslee. Apply now at <http://startup.choosewashingtonstate.com/working-washington-round-3> and visit here for [more info](#).
- **Business Tax Relief in Response to New COVID-19 Guidance:** information [here](#).

CDL Requirements:

- **Commercial driver licenses & commercial learner permits extended through February 2022.**
 - February 2022 extension [here](#).
 - November 2021 extension [here](#).
 - August 2021 extension [here](#).
- **US DOT COVID-19 Guidance:** latest guidance available [here](#).
- Governor Inslee suspended some requirements related to commercial driver licenses (CDLs) and commercial learner permits (CLPs) that aligned with changes authorized by the Federal Motor Carrier Safety Administration (FMCSA).
- Commercial Driver Licensing In-Cab Training and Testing COVID-19 Requirements: Effective May 5, 2020, in-cab driver training and testing for commercial driver license applicants in Washington State may take place under the conditions outlined in [this document](#). Adherence to these requirements will be strictly enforced.

Governor Proclamations & WUTC Docs

- **Utility shut-off moratorium:** The utility shutoff and late fee prohibitions in Proclamation 20-23.15 are still in effect through September 30, 2021.
 - **Sept 30 extension:** This will be the final extension of the proclamation and the extension will align with the end date of the tenancy preservation bridge ([21-09](#)) to give Washingtonians struggling with housing payments time to prepare and seek assistance before both proclamations expire.
- The extension of the ratepayer assistance proclamation prohibits energy, water and landline telephone companies from:
 - Disconnecting any residential customers from energy, landline telephone or water service due to nonpayment on an active account, except at the request of the customer.
 - Refusing to reconnect any residential customer who has been disconnected due to nonpayment.
 - Charging fees for late payment or reconnection of energy, landline telephone or water service.
 - Disconnecting service to any residential customer who has contacted the utility to request assistance from the utility's COVID-19 Customer Support Program.
 - This proclamation does not relieve customers from the obligation to pay for utility services. Customers and utilities are expected to continue to communicate in good faith with one another, and to work together, on the timing and terms of payment and

repayment solutions.

- **List of Essential Critical Infrastructure Workers referenced** in Stay Home, Stay Health Proclamation [here](#).
- **COVID-19: Truck Driver Hours** Proclamation 3.18.20 [here](#).
- **High Risk Workers: 6.12.20** [here](#).
 - Extension [20-46.1](#).
- **Other proclamations** from the Governor related to the outbreak [here](#).
- **UTC Adoption of Federal Guidelines Notice:** A notice from the UTC detailing the Commission's implementation of federal policy and emergency actions for all transportation companies [here](#).

Other Washington Resources (some sources may reflect 2020 information):

- **COVID-19 business resources for Washington State:** In response to the Governor's new COVID-19 guidance, the Department of Revenue plans to offer relief to impacted businesses. More info [here](#).
- **Essential Business Inquiries:** The Governor's Office has provided [guidance on what businesses are essential](#), building on the federal government's and California's definition of "essential critical infrastructure workers. To clarify status, or request inclusion on the list, [please fill out this form](#). More info here: <https://coronavirus.wa.gov/business-workers>
- **Governor's Office:** Resources for employers and workers [here](#).
- **Employment Security Department:** Information for workers and businesses regarding federal stimulus, expanded unemployment, and emergency rulemakings [here](#).
 - **Refusal of work:** ESD's [Refusal of Work page](#) provides information about when someone can or cannot refuse an offer of work and retain unemployment benefits.
 - **Returning to work:** The [Return to work page](#) provides information and links to resources to maintain a skilled workforce, avoid layoffs and other important information.
- **Track Your Costs and Financial Relief Options.** It is recommended you track current losses attributable to COVID19. It is likely that FEMA or other federal funds will flow to State and to local governments and your company may be in line for reimbursement as well. Generally, in order to be eligible for funding reimbursement, entities must have very specific accounting for losses which are be clearly attributable to the emergency. Additionally, some companies may need prompt financial relief resulting from the added burden of carrying residential bad debt and a sharp drop in commercial solid waste service. Please see the information on the Coronavirus Aid, Relief, and Economic Security (CARES) Act below for funding options, including grants and loans.
- **[RRCC Financial Analysis Tool](#):** This Financial Analysis Tool was developed and shared by our friends at the Resource Recovery Coalition of California (RRCC). The Instructions tab

should give you the understanding you need of how this worksheet works. I believe it will help you understand and explain the financial impacts that you are/will experience during the disruption of your business due to COVID-19.

II. WRRR COVID-19 Correspondence

To date WRRR has sent two letters to Governor Inslee that discuss the current public health situation and request necessary regulatory relief to maintain maximum continuity of service throughout. WRRR has also worked with UTC Staff to develop new language for Item 30 in the Solid Waste Collection Company Tariff.

- [WRRR Regulatory Relief Letter to Governor Inslee 3.19.20](#)
- [WRRR Regulatory Relief Letter to Governor Inslee 3.20.20](#)
- [WRRR Suggested Language Item 30 3.6.20](#)

III. Federal Information

Center for Disease Control: The CDC issued a guidance “What Waste Collectors and Recyclers Need to Know about COVID-19” document following requests from industry associations. View the document [here](#). General CDC guidance [here](#).

- **High-risk employees:** As a result of new [CDC guidance](#) regarding people at increased risk for severe illness, Governor Inslee extended Washington proclamation [20-46.1](#). The guidance memo confirms that employees who are 65 and older continue to be covered by the proclamation and clarifies processes for employers of individuals with certain medical conditions. The [proclamation](#) will remain in effect through the duration of the state of emergency, or until otherwise rescinded or amended.

Federal Motor Carrier Safety Administration:

- Emergency declaration [here](#) and FAQ that addresses the solid waste industry [here](#).
- FMCSA COVID-19 Drug & Alcohol Testing Guidance [here](#).
- Enforcement Notice on Expiring CDLs [here](#).
- Extension of CDL Emergency Declaration to February 2022 [here](#).

Department of Labor

- The Families First Coronavirus Response Act (FFCRA). The FFCRA went into effect on **April 1**. The U.S. Department of Labor (U.S. DOL) has published [Families First Coronavirus Response Act \(FFCRA\) poster](#) that **employers are required to post in a conspicuous place in their workplace**. The U.S. DOL also published [FAQs associated with the new posting requirements](#). Please also read the most recent guidance [FFCRA Q&A](#) on paid sick leave and expanded family and medical leave provisions from the U.S. DOL that also went into effect on **April 1**.

COVID-19 Small Business Relief:

- **Small Business Loan Assistance:** The U.S. Small Business Administration will administer COVID-19 relief programs for small business owners, entrepreneurs, and nonprofits.
- One of the most important measures from the federal \$2.2 trillion Coronavirus Aid, Relief, and Economic Security (CARES) Act is the **Paycheck Protection Program**. It helps non-profits and small businesses (including sole proprietors, independent contractors and self-employed persons) cover payroll, rent, mortgage and utility costs.
- Please note: the program application window opened **April 3**, and that funds will be distributed on a **first-come, first-served basis**. Millions are estimated to be eligible, so it's important that Washington companies apply as soon as possible to ensure federal support.

- **Association of Washington Cities:** Resource page includes resources for government, service providers, and business [here](#).

NWRA

- The National Waste and Recycling Association prepared a [COVID19 Guide for Waste Operations](#). The Guide outlines much of the information previously sent about OSHA/CDC and the World Health Organization (WHO) noting that waste handling is not a COVID19 disease pathway. Exercising caution, using PPE, practicing good hygiene and social distancing are the best practices to stay safe on the job. ORRA and the national associations continue to monitor health, safety and worker protection concerns.
- NWRA has also hosted a series of webinar's discussing the COVID-19 Impact on the solid waste and recycling industry. View the archived webinars and documents below:
 - [Managing COVID-19 Waste](#)
 - [COVID-19 Focus on Work Practices](#)
 - [NWRA COVID-19 ACTIONS AND WINS](#)
 - [NWRA HWI COVID-19 FAQ](#)
 - [Small Business Loan Guide](#)
- NWRA also wrote letters to the [National Governors Association](#), the [National League of Cities](#) and the [National Association of Counties](#) urging regulatory flexibility from state and local governments.
