

# SAFETY MATTERS

## SAFETY TIPS FOR LANDFILL EMPLOYEES

SWANA wants you to go home to your family every day, safely. Following these rules at the landfill will help keep you safe:

1. Wear appropriate PPE and respiratory protection.
2. Maintain situational awareness. Be vigilant of mobile equipment and changing site conditions.
3. Do not perform tasks, operate tools, or use equipment you have not been trained for.
4. Heavy equipment has the right of way. Make yourself visible and stay clear of equipment on the move.
5. Landfill workers and customers should never scavenge materials from the landfill.
6. Never use your cell phone or text while operating machinery or moving around a landfill facility.
