MONDAY

## HOME FOR THE HOLIDAYS

We all have the power to make safe driving decisions during the holiday season.

**1. Do Not Drive Impaired:** Whether you are attending a holiday event or hosting your own, plan ahead for safe rides home.

**2. Buckle Up:** Day or night, seatbelts save lives. It only takes a second.

**3. Reduce Distractions:** Keep both hands on the steering wheel, eyes on the road, and concentrate on the task in front of you. That call or text can wait, especially during increased traffic volumes.

**4. Maintain Visibility:** Do a proper pre-trip inspection. Ensure all lights, mirrors and windshield wipers are in good working order before driving. Clear snow and ice throughout the shift, as required.

**5. Reduce Speeds and Increase Following Distance:** Other people make mistakes, so slow your speed and leave adequate space to help avoid a collision.
