

STAY SHARP ON THE ROAD: EVERY MILE MATTERS

EVERY DAY BEHIND THE WHEEL
IS A CHANCE TO PROTECT
YOURSELF AND OTHERS.
ROADWAY SAFETY ISN'T JUST
ABOUT RULES—IT'S ABOUT
LIVES.

1 NEVER ASSUME OTHERS SEE YOU

USE TURN SIGNALS, HAZARD LIGHTS, AND EYE CONTACT TO COMMUNICATE CLEARLY WITH OTHER DRIVERS AND PEDESTRIANS.

2 GIVE YOURSELF TIME

RUSHING INCREASES THE CHANCE OF MISTAKES. LEAVE EARLY AND PLAN FOR DELAYS.

3 CHECK YOUR BLIND SPOTS—TWICE

LARGE VEHICLES HAVE BIGGER BLIND SPOTS. ALWAYS DOUBLE-CHECK BEFORE CHANGING LANES OR MERGING.

4 KNOW YOUR SURROUNDINGS

BE EXTRA CAUTIOUS IN SCHOOL ZONES, RESIDENTIAL AREAS, AND NEAR CONSTRUCTION ZONES.

5 PARK WITH PURPOSE

POSITION YOUR VEHICLE FOR VISIBILITY AND QUICK, SAFE EXITS—ESPECIALLY WHEN SERVICING CURBSIDE STOPS.

6 ADAPT TO WEATHER CONDITIONS

RAIN, FOG, OR EXTREME HEAT ALL REQUIRE ADJUSTMENTS IN SPEED, BRAKING DISTANCE, AND AWARENESS.

7 DON'T IGNORE MINOR ISSUES

A “SMALL” BRAKE NOISE OR WARNING LIGHT CAN QUICKLY BECOME A BIG HAZARD. **REPORT IT IMMEDIATELY.**

8 USE TECHNOLOGY WISELY

USE GPS OR ROUTING TOOLS BEFORE STARTING YOUR DRIVE—NEVER WHILE IN MOTION.

9 PERFORM ROUTINE WALKAROUNDS

A QUICK CHECK BEFORE AND AFTER EACH STOP HELPS CATCH LOOSE HOSES, FLAT TIRES, OR OBJECTS NEAR THE WHEELS.

WHY IT MATTERS:

INCIDENTS ARE ONE OF THE LEADING CAUSES OF SERIOUS INJURY AND FATALITY. YOUR CHOICES ON THE ROAD IMPACT YOUR SAFETY, YOUR TEAM, AND THE COMMUNITIES WE SERVE.

**DRIVE
SAFE.
STAY
ALERT.**

SAFE DRIVING TODAY, SAFER COMMUNITIES TOMORROW
